

Make your own Spring decorations

Paper chains and decorated trees aren't just for Christmas!

Paper chains

Choose bright yellows, greens, blues and pinks and cut into strips to create your chains – you can use old wrapping paper, magazines and all sorts! Create flowers by attaching 5 or 6 six strips in the centre and attach with a staple, glue or sellotape

Spring Tree Decoration

Collect around 5 small branches when you are out for your exercise. Back at home decorate these by wrapping wool tightly around, if you don't have wool, you can use strips of tissue paper and glue.

Next create your decorations: we made peg butterflies with pipecleaner/bead wings, and a selection of cut out card shapes- chicks, bunnies and eggs! We decorated these and added a handle using wool and tape.

Share your decorations with us, send to GetCreative@thelowry.com
